Career Summary

As a commercial real estate advisor with NAI Pfefferle, Ark Rhowmine focuses on providing professional brokerage services for clients who wish to buy, sell or lease commercial and investment properties. Mr. Rhowmine joined the company in 2008, bringing with him 23 years of health care administration experience, including 20 years specializing in medical and dental group management. During that time period, he was also involved in recruiting physicians and dentists, acquiring medical and dental clinics and constructing clinics. He developed a strong background in financial analysis and budgeting and medical practice credentialing and certification. Mr. Rhowmine began his career in residential and commercial real estate sales in 2004 and obtained his real estate broker's license in 2007. To keep himself current in the commercial real estate market, Mr. Rhowmine has been studying for his Certified Commercial Investment Management certification (CCIM); along with taking courses for his appraiser's license, specializing in commercial properties.
